3.3 TABLE OF COOKIES AND CATEGORIES

We have provided details of all cookies used on this websites in the table below.
All cookies in this table have been categorized according to four numbered groups. Please note that cookies can belong to more than one category.
The categories are as follows:

[1] Strictly Necessary: These cookies are essential in order to enable you to move around the website and use its features. Without these cookies, services you have asked for cannot be provided.

[2] Performance: These cookies collect information about how visitors use a website, for instance which pages visitors go to most often. For example, these cookies can be used to enable visitors to share content with a range of networking and sharing platforms. Information these cookies collect may be anonymized and they cannot track your browsing activity on other websites.

[4] Targeting or Advertising: These cookies are used to deliver adverts more relevant to you and your interests. They are also used to limit the number of times you see an advertisement as well as helping measure the effectiveness of an advertising campaign. They are usually placed by advertising networks with the website operator's permission.
